

E-Safety Week

The whole school took part in online safety activities during Internet Safety Week which began on **Monday 4th February 2019**. The Digital Leaders led a whole school assembly with Mr Simmons on **Wednesday 6th February** to raise awareness of staying safe when using the internet.

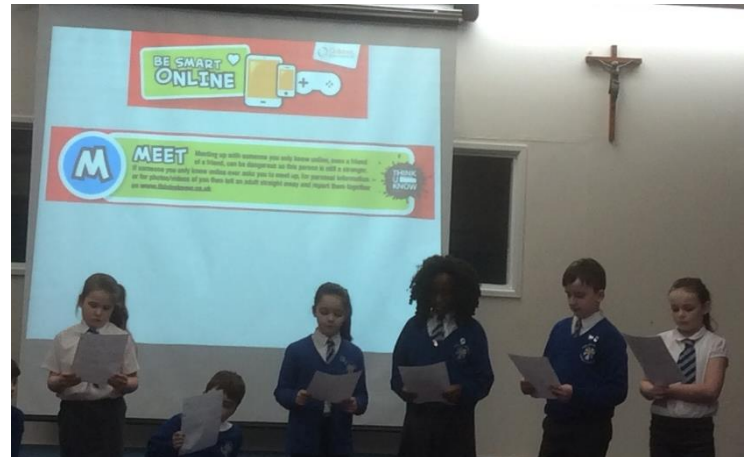

They shared that the internet is a really useful way of learning, if used properly. They also explained how important it is to tell an adult if they are worried or feel uncomfortable about anything they see on the internet or social media. The message was to be **SMART**.

S	M	A	R	T
Stay Safe	Don't Meet Up	Accepting Files	Reliable?	Tell Someone
Don't give out your personal information to people / places you don't know.	Meeting someone you have only been in touch with online can be dangerous. Always check with an adult you trust.	Accepting emails, files, pictures or texts from people you don't know can cause problems.	Check information before you believe it. Is the person or website telling the truth?	Tell an adult if someone or something makes you feel worried or uncomfortable.
				Follow these SMART tips to keep yourself safe online!

The Digital Leaders stressed the importance of keeping their personal information safe. The children were advised to only interact with people they **actually know**.

Classes completed follow up work to ensure that the messages shared in the assembly were understood.
