

Since the Easter holidays there's been a lot of learning happening in school with just a very small group of children. Here's an update of what has been happening:

We joined Dan and Emily from One Life Music for daily worship.

We kept active with Joe Wicks.....

We spent time on a scavenger hunt in books, then each child chose a favourite book and either read it to each other or gave a summary of the book.

We had great fun at Forest School making kites, toasting marshmallows and enjoying the sunshine.

We made some flowers with happy messages.

S\*\*\*\* chose to do some mindfulness colouring; she also started making a paper- maché balloon.

We've been planting and watering our new flowers and herbs and learning new gardening skills.

And....of course...social distance core learning too...
