

On **Friday 7th February 2020** the Science Ambassadors took part in 'The Awe and Wonders of Science' at Lutley Primary School. The children

from Our Lady of Fatima Catholic Primary School were involved in a range of activities with other children from different schools within the partnership: making lava lamps, milk art, plane and digger constructions and testing and even riding on a hover board!

making lava lamps, milk art, plane and digger constructions and testing and even riding on a hover board!

The children all thoroughly enjoyed the day; learning a lot about the awe and wonders linked to Science.
